

Smith Farm Arbor Day Planting - Planning Meeting Pictures March 8, 2006

Figure 1. Smith Farm chestnut orchard looking from East end (road SR 1009 end) up toward West end. Original planting is fenced in. 2005 planting up top had poles set for fence to be constructed.

Figure 2. I think that's the machine that use to set the fence posts. To the right are Doug Saylor, Gary Gilmore, Jesse Fremer, and Jeff Balla

Figure 3. Attendees to planning meeting for Arbor Day 2006 planting. From L-R: Gary Gilmore, PA-DCNR; Doug Saylor, PA DEP; Paul Yacovone, OSM; Jeff Balla, PA-TACF; two members of Woodland Owners group, Jesse Fermer, nearby nursery owner and longtime mineland reclaimer.

Figure 4. Smith Farm planting, looking from west end toward east of planting (at top of photo would be SR 1009).

Figure 5. On left is a tree that has been nipped at tube-top level by a deer. On the right, PA-TACF member Jeff Balla stands next to another tree that has also been nipped at tube-top level by a deer.
